# PURPOSE:

The website is about books, it's basically like an online library for many types of books like novel, comics, facts, quotes and many more as well as many more genres like actions, thriller and other. we also made this website for those who are lazy to go out or depends on modern situation where people mostly use or read somethings online more than real books. This website's main objective bring entertainment and interesting vibes in reading and understanding some perceptions of life.

# THE STORY OF BOOK-TUNE

The inspiration behind Book-Tune was another website call webtoon, our motivation to create Book-Tune is that we want to make a website like webtoon but instead of just comics we have a bunch more books to choose from from studying books to novel to classic literature and many more. we added these other books because as student we found it very hard to find books we need for our studies so we created Book-Tune so that others student wont have such a difficult time finding books they need.

# OUR TARGET AUDIENCES:

## Students & Academic Researchers

01.

Students and researchers need credible resources like textbooks, journals, and reference materials for assignments, projects, and studies. Physical libraries can be inconvenient or have limited hours, so BookTune provides 24/7 online access to a vast, searchable collection, making it easy to find what they need anytime

## Avid Readers & Literature Lovers

02.

These readers explore books for enjoyment, personal growth, and curiosity. They enjoy discovering new genres, authors, and stories without waiting for physical copies. BookTune offers a wide variety of titles with the convenience of instant access and personalized recommendation

## Educators & Trainers

03.

Teachers, lecturers, and trainers need diverse, high-quality materials to support their lessons and training programs. They often spend hours sourcing credible content for students or participants. BookTune offers an extensive collection of books, academic references, and teaching resources in one place, making lesson planning faster and more effective.

A screenshot of a web browser window displaying a book upload form on a dark-themed website. The title bar shows multiple tabs, including 'localhost' and 'Upload'. The main content area has a header 'Book-Tune' and 'Upload a Book'. On the left, there's a sidebar with links: Home, Genres, Popular, New Releases, Go Premium, and Upload Book. The main form contains fields for Title, Author, Category, and Description, followed by a file input field showing 'No file chosen' and a red 'Upload' button. At the bottom, there's a dark taskbar with icons for weather (32°C, mostly cloudy), search, file explorer, messaging, and code editor, along with system status indicators like battery and signal strength. The date and time '14/8/2025 3:59 PM' are also visible.

Thank you
